DEMAND TO KAISER

UNITED STATES NOTE HOLDS GERMANY TO ACCOUNT.

MUST RESPECT RIGHTS

Formal Warning No Excuse for Unlawful Acts, Says Wilson—Shall Expect High Seas Liberty.

Washington, May 14.—The United States sent to Germany a note protesting against the sinking of the Lusitania, with the loss of more than 100 lives, and other violations of Americans rights on the seas.

After three days of preparation by President Wilson, with the assistance of his cabinet, the document was finally dispatched, as follows:

"The secretary of state to the American ambassador at Berlin:

"Please call on the minister of foreign affairs and after reading to him this communication, leave with him a copy.

"In view of recent acts of the German authorities in violation of American rights on the high seas, which culminated in the torpedoing and sinking of the British steamship Lusitania on May 7, 1915, by which over 100 American citizens lost their lives, it is clearly wise and desirable that the government of the United States and the imperial German government should come to a clear and full understanding as to the grave situation which has resulted.

Offenses Complained Of.

"The sinking of the British passenger steamer Falaba by a German submarine on March 28, through which Leon C. Thresher, an American citizen, was drowned; the attack on April 28 on the American vessel Cushing by a German aeroplane; the torpedoing on May 1 of the American vessel Gulflight by a German submarine, as a result of which two or more American citizens met their death; and, finally, the torpedoing and sinking of the steamship Lusitania, constitute a series of events which the government of the United States has observed with growing concern, distress and amazement.

"Recalling the humane and enlightened attitude hitherto assumed by the imperial German government in matters of international right, the government of the United States was loathe to believe—it cannot now bring itself to believe—that these acts, so absolutely contrary to the rules, the practices and the spirit of modern warfare, could have the countenance or sanction of that great government.

Duty to Address Germany.

"It feels it to be its duty, therefore to address the imperial German government concerning them with the utmost frankness, and in the earnest hope that it is not mistaken in expecting action on the part of the imperial German government which will correct the unfortunate impressions which have been created and vindicate once more the position of that government with regard to the sacred freedom of the seas.

"The government of the United States has been apprised that the imperial German government considered itself to be obliged by the extraordinary circumstances of the present war and the measures adopted by their adversaries in seeking to cut Germany off from all commerce, to adopt methods of retaliation which go much beyond the ordinary methods of warfare at sea, in the proclamation of a war zone from which they have warned neutrals' ships to keep away. This government has already taken occasion to inform the imperial German government that it cannot admit the adoption of such measures or such a warning of danger to operate as in any degree an abbreviation of the rights of American ship masters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nationality; and that it must hold the imperial German government to a strict accountability for any infringement of these rights, intentional or incidental.

Assumes Rule Accepted.

"It does not understand the imperial German government to question those rights. It assumes, on the contrary, that the imperial German government accepts, as a matter of course, the rule that the lives of non-combatants, whether they be of neutral citizenship or citizens of any of the nations at war, cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unarmed merchantman, and recognizes also, as all other nations do, the obligation to take the usual precaution of visit and search to ascertain whether a suspected merchantman is in fact of belligerent nationality or is in fact carrying contraband of war under a neutral flag.

"The government of the United States, therefore, desires to call the attention of the imperial German government with the utmost earnestness to the fact that the objection to the present method of attack against the trade of their enemies lies in the prac

TO CLOSE TONIGHT

METHODIST BIBLE TRAINING SCHOOL HOLDS ALL-DAY MEET.

MANY WORKERS ATTEND

The Rev. J. V. Thompson Will Give Final Lecture on "The Great Objective."

Tonight the Rev. James V. Thompson of Chicago will deliver the closing address of the Sunday school institute, which has been in session since noon yesterday at the First Methodist church.

The Rev. Mr. Thompson is an unusually interesting and entertaining speaker. His subject tonight is "The Great Objective." The lecture will begin at 8 o'clock and will be preceded by a half hour devotional.

A large number of delegates came to the city this morning to attend the institute, which lasted throughout the day, beginning with an address at 9:45 o'clock this morning, by the Rev. Arlo Ayres Brown upon the subject "Building the Bible Class." The other subjects taken up this morning were "Material and Methods for the Teen Age, and Organization for Efficiency." The first was given by the Rev. Mr. Thompson and the second by Rev. Harry C. Wilson.

As a culmination of the work which has been done within the past few weeks by the Nodaway county Sunday School association, the institute has been beneficial to workers all over the county who have been in attendance.

The instructors in charge, Rev. Harry C. Wilson, Rev. Arlo Ayres Brown and the Rev. James V. Thompson, who represent the national Sunday school board of Chicago, are highly qualified and the opportunity of obtaining a training course for Bible school workers has been taken by many who have been in constant attendance.

"The Twentieth Century Sunday School" was the subject of an address given last night by Mr. Wilson, and the lecture was one of the most attractive and instructive of the two days program.

The work is of benefit to all denominations and the delegates attending represent, practically all churches.

PUPILS IN FASHION SHOW

Home Economic Department Students of Normal Hold Commencement Season Event.

A fashion show took place this morning at the State Normal school, when the pupils of the sewing classes of the home economics and training school displayed the work done by them during the past year.

The show was given in the chapel at the assembly hour from 9:40 to 10:20 o'clock this morning. The stage was decked with ferns and as the curtains were parted a student wearing a costume of her own work, promenaded for view of the spectators

Dresses, shirt waists, aprons, boudoir caps and evening gowns were shown. Every garment displayed was fashioned by the students. The children of the training school class then exhibited middies and doll clothes which they had made in class work.

When the model show was completed, the stage curtain was withdrawn, and fancy work of all kinds, creditable and elicited the highest which was done by the girls of the class. The Normal orchestra gave a musical program while the show was in session.

The exhibition was one of the events incident to the commencement exercises and was given under the direction of Miss Hettie Anthony, head of the home economics department of the Normal, and her assistant, Miss Myra Hull. The work displayed was highly creditable and elecited the highest praise from everyone who saw the exhibit.

HAINES MATINEE PLEASES CROWD

Dry Goods Merchant Attracts Many by Novel Advertising Plan.

A free movie matinee as an advertising feature was the plan employed yesterday afternoon by the Haines dry goods store, and the entertainmeat pleased a big crowd of women. The Empire theater, where the matinee was given, was practically filled for the opening show at 2.30 o'clock, and the performance lasted continuously until 5 o'clock.

The matinee was exclusively for for women, and demonstrated the actual fitting of Gossard corsets in moving pictures.

A story was woven around the fitting process, and another film particularly pleasing to the feminine audience was shown, making the matinee attractive as well as educational.

The result of this advertising feature was extremely gratifying to Mr. Haines, who used The Democrat-Forum exclusively in announcing the matinee.

PLAN HIGH SCHOOL CLASS DAY EVENT

SENIORS TO GIVE CLOSING PROGRAM FRIDAY, MAY 21.

GRADUATES TO GIVE AUDITORIUM FRIEZE

The 1915 Class of 27 Will Present Gift During Entertainment—Students Conduct Annual Frolics.

The final class frolics at the high school have already started. The campaign between the seniors and the juniors for supremacy already is on. It is an annual occurrence as the time for the school's close draws near. Even some of the sophomores and freshmen are getting mixed up in the turmoil. Last night a drove of the young students prowled until about 1 oclock this morning, over town, through streets, alleys and vacant lots in search of students in hiding.

It all will end soon, by Friday, May 21, at the latest, perhaps within a week. No real hazing has been reported, but several boys have been put through some little embarrassment and jokings, as a part of the class frolics.

The senior class which graduates May 21 is the largest on record, numbering twenty-seven. The junior class is not so large—in fact, it appears that the senior class of 1916 will be rather diminutive.

The class gift to the school this year will be frieze work for the south side of the high school auditorium. The frieze on the north side, which represents the triumphal entry of Alexander into Babylon, was contributed by the 1913 and 1914 classes. Fred Gray, class president, will present the frieze and Principal E. R. Utter will accept. This will be formally made at the class day exercises at the school auditorium Friday afternoon, May 21.

The program for the class exercises follows:

Piano solo—Kathleen Chittenden.

Class play—"Engaged by Wednesday."

Class prophecy—Matie Evans.

Solo—Amy Clark.

Class song—Members of class.

Presentation of frieze—Fred Gray.

A play also will be given. It is known as "Engaged by Wednesday."

Those who will take part in it and the roles they will play are:

Arthur Watson—Harold Sawyers.

Martin Henry, laziest man in town—Joe Farmer.

Lucile Parsons—Vijune Colden.

Miss Abigail Parsons—Vella Booth.

Marie, Jane, Mabel, friends of Lucille—Mary Lewis, Mary Sewell, Irene Westfall.

Mrs. Watson, friend of Miss Abigail Doris Cummins.

Mary, the maid—Blanche Messick.

Ted, Jack, Dick, friends of Arthur—Harry, Messick, Ruskin Hawkins, Irwin Harris.

assisted by the doughty Dr. Dernberg, are taking care of the pyrotechnics, it may be assumed that President Wilson and the kaiser can consider the merits of the question in the dispassionate calm that remains and reach, we hope, some just and satisfactory conclusion.

Under the new advertising law in Missouri the publisher is supposed to stand sponsor to a certain extent for the truth of the statements contained in the advertisements carried in his paper. But how he is to know all this has been puzzling the newspaper men. One editor reports that a certain advertiser, making a cereal or breakfast food, accompanied his advertising contract with a liberal shipment of the product stating that the manufacturers wanted the editor to know that every statement in their advertising was true. This, it seems to The Democrat-Forum, is a happy and sensible solution of the embarrassing problem. Missourians love to be shown even by Missourians, and what the eye sees is the more easily believed. So, if our grocers, butchers, clothing men, dry goods dealers and others will kindly send samples with their advertised goods, such as hats, shoes, suits of clothes, etc., the situation will be much simplified and life in the newspaper business will take on a rosier hue and, in fact, be really worth while.

DISARM FOR PEACE, VERDICT

Philomatheans Defeat Eurekans in Normal Debate 2 to 1—Declamatory Contest Tonight.

Henry A. Miller and Miss Mattie Dykes, representing the Philomathean Literary society of the Normal, defeated Eugene Cummins and Silas W. Skelton, representing the Eurekan society by a 2 to 1 vote, in a debate in the Normal auditorium last night. The Philomatheans represented the affirmative side of the topic, "Resolved, that international disarmament is a feasible means to world peace," and the Eurekan debaters the negative.

The judges of the debate were George Robb Ellison, the Rev. Lewis M. Hale and W. M. Westbrook. Two of them voted the Philomatheans as winners and one voted for the Eurekans. The judging was on the general efficiency basis and not percentage.

The inter-society oratorical and declamatory contest will be held in the Normal auditorium tonight. The winners in the society essay contest also will be announced at that time.

The essay contestants for the Philomatheans are Miss Ivah Barnes, William Utter and Miss Charlotte Mallory; for the Eurekans, Miss Nita Strickler, Miss Harriet VanBuren and Miss Althea Myers. The subject is "The Wastes of War."

It is planned to make these inter-society contests annual affairs.

NORMALS PLAY JEWELLS TODAY.

Coach Hanson and Ten Players Went to Liberty This Morning.

Coach Walter Hanson and ten players representing the Maryville Normal baseball team, left this morning for Liberty where they will meet the William Jewell team this afternoon. The game is expected to be a fast one. The Jewells have not lost a game so far this season and defeated the Normal team here recently by a score of 6 to 0.

The line-up for today's game was announced as follows by Coach Hanson. Blagg, 1b; Ed Adams, 2b; Leech, 3b; Bird ss, Vandersloot, lf; Noblett, cf; Lonnie Adams, rf; Hamm and L. Adams, p; Brittain, c. Miller, utility.

This is different than heretofore. The team will probably return tomorrow noon.

A glance at the standing of the base ball teams in the Missouri inter-collegiate conference reveals the fact that the William Jewell team is far out in the lead in the race for the championship. It has won six games and lost none.

The present standing of the conference teams is:

COURT IN SHORT SESSION

Judge W. C. Ellison Hears Few State Arraignments and Winds Up April Term Docket.

The circuit court was convened this afternoon by Judge W. C. Ellison to hear the arraignment of several persons charged by the state with law violating and to wind up the April term civil docket.

One of the cases to come up was the arraignment of Mr. and Mrs. Perry Smith of Burlington Junction, charged with keeping a gaming device in their home. They were apprehended at Omaha last week, after being absent from the county since the indictments were returned by the grand jury several weeks ago. They have been in the county jail since their arrest.

Mr. and Mrs. Smith both pleaded not guilty to the charge of keeping a gaming device. Their bond was fixed at $500 each. They had not furnished it at 3 o'clock. Mr. Smith also pleaded not guilty to a charge of gaming and his bond fixed at $200. He did not furnish it, but probably will soon.

Roy Yeaman also pleaded not guilty to a charge of having allowed a gaming device to be set up in a place under his possession. He furnished $200 release bond.

Several motions in civil cases were filed, among them being several relative to some back tax paving suits brought by the city of Maryville.

BIG PEACH CROP IN SIGHT.

Elberta District Promises Best Yield in Years, Says Expert.

The Elberta peach district of southern Missouri will produce the biggest crop in years this season, according to Paul Evans, director of the Missouri fruit experiment station at Mountain Grove. He has made a careful investigation of the orchards on the state farm and those in the adjoining counties, and finds that the young peaches are clinging to the trees in greater proportion than in many years.

In all sections the trees are heavily laden with fruit. From the present indications growers will be compelled later in the season to pinch off many peaches to prevent the branches from breaking.

DEMAND TO KIASER

(Continued from page 1.)

tical impossibility of employing submarines in the destruction of commerce, without disregarding those rules of fairness, reason, justice and humanity, which all modern opinion regards as imperative. It is impossible for the officers of a submarine to visit a merchantman at sea and examine its papers and cargo.

Facts Admitted.

"It is practically impossible for them to make a prize of it, and, if they cannot put a prize crew on board of it they cannot sink it without leaving its crew and all on board of it to the mercy of the sea in its small boats. These facts, it is understood, the imperial German government frankly admits. We are informed that in the instances of which we have spoken time enough for even that poor measure of safety was not given, and in at least two of the cases cited not so much as a warning was received.

"Manifestly submarines cannot be used against merchantmen, as the last few weeks have shown, without an inevitable violation of many sacred principles of justice and humanity.

"American citizens act within their indisputable rights in taking their ship and in traveling wherever their legitimate business calls them, upon the high seas and exercise those rights in what should be the well-justified confidence that their lives will not be endangered by acts done in clear violation of universally acknowledged obligations and certainly in the confidence that their own government will sustain them in the exercise of their rights.

The Formal Warning.

"There was recently published in the newspapers of the United States, I regret to inform the imperial German government, a formal warning, purporting to come from the imperial German embassy at Washington, addressed to the people of the United States and stating in effect that any citizen of the United States, who exercised his right of free travel upon the seas, would do so at his peril if his journey should take him within the zone of water within which the imperial German navy was using submarines against the commerce of Great Britain and France, notwithstanding the respectful but very earnest protest of his government, the government of the United States.

"I do not refer to this for the purpose of calling the attention of the imperial German government at this time to the surprising irregularity of a communication from the imperial German embassy at Washington addressed to the people of the United States through the newspapers, but only for the purpose of pointing out that no warning that an unlawful and inhumane act would be committed can possibly be accepted as an excuse or palliation for that act or as an abatement of the responsibility or its commission."

The suggestion is conveyed that the German government, of course, could not have intended to destroy innocent lives, and that consequently the German submarine commanders must have misunderstood their instructions. The American government indicates its hope that this will be found to be true, and a cessation of the unlawful practices thereby will result.

Expects Disavowal.

The communication expresses the confident expectation of the United States "that the imperial German government will disavow the acts of which the government of the United States complains, that they will make reparation so far as reparation is possible for injuries which are without measure and that they will take immediate steps to prevent the recurrence of anything so obviously subversive of the principles of warfare for which the imperial German government in the past so wisely and so firmly contended."

Can't Expect Any Less.

In its conclusion the note states that "the imperial German government will not expect the government of the United States to omit any word or act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens and of safeguarding their free exercise and enjoyment."

Something New in Town From "The Land of the Long Leaf Pine"

An "Outside" Treatment That Relieves Croup and Cold Troubles Quicker Than Internal Medicines—Applied Externally, It Is Inhaled as a Vapor and Absorbed Through the Skin.

Druggists Below Are Selling 25c. Jars on 30-Days' Trial—Money Back if Not Delighted.

Every year thousands of people, suffering from forms of lung trouble, make a pilgrimage to the pine barrens of North Carolina, the land of the long leaf pine. The reason lies in the warm dry air, spicy with the odor of the long leaf pines.

Local druggists, however, have recently received a treatment that is almost as good as a trip South. This is Vick's Vap-O-Rub, the invention of a North Carolina druggist. When applied over the throat and chest the body heat liberates vapors of Menthol, Camphor, Pine Oil, Thyme, and Eucalyptus, that are inhaled with each breath through the air passages to the lungs, loosening the phlegm, and soothing the inflamed membrane. In severe cases, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out that tightness and soreness.

The progressive druggists, listed below, are anxious that their customers who are troubled with asthma, catarrh, bronchitis, tonsilitis, or any form of cold trouble, should try this new treatment, though their profit on Vick's is smaller than on internal medicines. They are, therefore, offering Vick's in three sizes, 25c, 50c or $1.00, on 30 days' trial, giving with each sale a refund blank good for your money back if you are not delighted.

Because of the liberal provisions of the Burlington's Grand Circle Tour, you can stop over at any point. But, if you go straight through, you arrive refreshed—becauses of pleasant days and comfortable nights.

This is the tour de luxe—the Burlington's Grand Circle—through glorious Colorado; Denver, the new Rocky Mountain National (Estes) Park, Colorado Springs, Pikes Peak Region, Royal Gorge by daylight; daylight view of Salt Lake City and Great Salt Lake. Then, Los Angeles, San Diego exposition, and the Panama-Pacific. An ocean trip by steamer to Portland; the great Pacific Northwest. And homeward bound, via Glacier National Park or Yellowstone Park.

SOME DON'TS

For Stomach and Liver Sufferers.

Don't take medicine for your stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations and in many cases of stomach, liver and intestinal ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered stomach and liver, to the discomfort of those you come in contact with.

If you are a stomach sufferer, don't think you cannot be helped; probably worse cases than yours have been permanently restored by Mayr's Wonderful Remedy.

Most Stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of Mayr's Wonderful Remedy should convince you that you can be restored to health again. Mayr's Wonderful Remedy has been taken and is highly recommended by members of congress, justices of the supreme court, educators, lawyers, merchants, bankers, doctors, druggists, nurses, manufacturers, priests, ministers, farmers and people in all walks of life.

Send for free valuable booklet on stomach ailments to Geo. H. Mayr, 154-156 Whiting St., Chicago, Ill.

Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if one bottle fails to give you absolute satisfaction.

RIOTS IN LONDON ARE SUBSIDING

U. S. Consulate Affords Protection For Hunted Germans.

TO INTERN ALL OF WAR AGE.

Premier Asquith Promises to Segregate Teuton Residents Between Seventeen and Fifty-five—Orders For Their Arrest Issued by Police.

WAR SUMMARY

Allies have captured the towns of Carency and parts of Ablain, St. Nazaire and Neuville St. Vaast. German losses are tremendous.

Pursuit of the Russians in the Galician and Carpathian campaign continues, according to Berlin, with the capture of large numbers of men and quantities of war materials.

Petrograd says the fighting in western Galicia is decreasing in intensity and that the Russian offensive farther south, along the Dneister river, is meeting with continued success, with heavy losses to the Teutons.

Of the fighting in the Baltic provinces of Russia, Berlin declares the situation remains the same, but Petrograd avers that German attacks in the region of Shavli have been repulsed and that farther south, along the Dubissa river, a German position was taken.

Another battleship, the Goliath, the third that the British have lost since the attack on the Dardanelles began, has been torpedoed by the Turks, and of the crew of 700 or more only 180, including twenty officers, were saved.

A British submarine, in a daring dash through the straits into the Sea of Mormora, torpedoed two Turkish gunboats and a large transport.

London, May 14.—The statement of Premier Asquith that all aliens of enemy countries of military age, between seventeen and fifty-five, would be interned and that this applies to those naturalized against whom there was any suspicion, and that the others would be repatriated, has satisfied those persons who were agitating for some drastic action. As a result the riots in London and provincial towns have largely subsided.

The commissioner of police issued orders for the arrest of all subjects of enemy countries of military age. It is expected that all these will be arrested or voluntarily surrender within a few days.

It is notable that no complaints have been received of aliens suffering from personal injury. Of the many hundreds who appeared at the American embassy and consulate seeking protection, none showed signs of having been engaged in encounter, but they desired compensation for the damage done their property and assurances that there would be no repetition of the attacks.

Celebrated Birthday.

S. A. Allen of Trenton celebrated his seventy-seventh birthday Tuesday. He has often visited in Maryville with his two sons, W. H. and Harry Allen. The following is from the Trenton Republican-Tribune:

"It isn't every day a fellow gets to celebrate his seventy-seventh birthday," wrote Will H. Allen of Maryville to his father in a letter of greeting today, but that is just what the latter, S. A. Allen, better known as "Grandpa," is doing. More than a score of letters containing greetings from sons, daughters, grandchildren and even great-grandchildren, were received by the elderly Trenton man today on the completion of his seventy-seventh year. No formal celebration of the event was held, but "Granddad's" heart was gladdened by the letters just as much as if the greetings had been expressed in person.

Letter to Mr. Wm. Linneman,
Maryville, Mo.

Dear Sir: When you can buy paint for less than Devoe; don't; save your money.

Mr. Aaron Higgins, Plainfield, N. J., always used 15 gallons of paint for his house; Devoe took 11.

Mr. Ezra Rathmell, Williamsport, Pa., always used 11; Devoe took 6.

Mr. Burt Young, Girard, Pa., always used a gallon for certain rooms; took half as much Devoe.

Mr. Nathaniel Barber, Canton, N. Y., bought 12 Devoe; used less than 6.

You can always buy paint for less than Devoe; don't; save your money.

The wearing counts the same way and doubles the difference.

The cost of painting is by the gallon. Weak paint costs most; most gallons.

Yours truly,
F. W. DEVOE & CO.,

DEMAND TO KAISER

UNITED STATES NOTE HOLDS GERMANY TO ACCOUNT.

MUST RESPECT RIGHTS

Formal Warning No Excuse for Unlawful Acts, Says Wilson—Shall Expect High Seas Liberty.

Washington, May 14—The United States sent to Germany a note protesting against the sinking of the Lusitania, with the loss of more than 100 lives, and other violations of Americans rights on the seas.

After three days of preparation by President Wilson, with the assistance of his cabinet, the document was finally dispatched, as follows:

"The secretary of state to the American ambassador at Berlin:

"Please call on the minister of foreign affairs and after reading to him this communication, leave with him a copy.

"In view of recent acts of the German authorities in violation of American rights on the high seas, which culminated in the torpedoing and sinking of the British steamship Lusitania on May 7, 1915, by which over 100 American citizens lost their lives, it is clearly wise and desirable that the government of the United States and the imperial German government should come to a clear and full understanding as to the grave situation which has resulted.

Offenses Complained Of.

"The sinking of the British passenger steamer Falaba by a German submarine on March 28, through which Leon C. Thresher, an American citizen, was drowned; the attack on April 28 on the American vessel Cushing by a German aeroplane; the torpedoing on May 1 of the American vessel Gulflight by a German submarine, as a result of which two or more American citizens met their death; and, finally, the torpedoing and sinking of the steamship Lusitania, constitute a series of events which the government of the United States has observed with growing concern, distress and amazement.

"Recalling the humane and enlightened attitude hitherto assumed by the imperial German government in matters of international right, the government of the United States was loathe to believe—it cannot now bring itself to believe—that these acts, so absolutely contrary to the rules, the practices and the spirit of modern warfare, could have the countenance or sanction of that great government.

Duty to Address Germany.

"It feels it to be its duty, therefore, to address the imperial German government concerning them with the utmost frankness, and in the earnest hope that it is not mistaken in expecting action on the part of the imperial German government which will correct the unfortunate impressions which have been created and vindicate once more the position of that government with regard to the sacred freedom of the seas.

"The government of the United States has been apprised that the imperial German government considered itself to be oblized by the extraordinary circumstances of the present war and the measures adopted by their adversaries in seeking to cut Germany off from all commerce, to adopt methods of retaliation which go much beyond the ordinary methods of warfare at sea, in the proclamation of a war zone from which they have warned neutrals' ships to keep away. This government has already taken occasion to inform the imperial German government that it cannot admit the adoption of such measures or such a warning of danger to operate as in any degree an abbreviation of the rights of American ship masters or of American citizens bound on lawful errands as passengers on merchant ships of belligerent nationality; and that it must hold the imperial German government to a strict accountability for any infringement of these rights, intentional or incidental.

Assumes Rule Accepted.

"It does not understand the imperial German government to question those rights. It assumes, on the contrary, that the imperial German government accepts, as a matter of course, the rule that the lives of non-combatants, whether they be of neutral citizenship or citizens of any of the nations at war, cannot lawfully or rightfully be put in jeopardy by the capture or destruction of an unarmed merchantman, and recognizes also, as all other nations do, the obligation to take the usual precaution of visit and search to ascertain whether a suspected merchantman is in fact of belligerent nationality or is in fact carrying contraband of war under a neutral flag.

"The government of the United States, therefore, desires to call the attention of the imperial German government with the utmost earnestness to the fact that the objection to their present method of attack against the trade of their enemies lies in the prac

TO CLOSE TONIGHT

METHODIST BIBLE TRAINING SCHOOL HOLDS ALL-DAY MEET.

MANY WORKERS ATTEND

The Rev. J. V. Thompson Will Give Final Lecture on "The Great Objective."

Tonight the Rev. James V. Thompson of Chicago will deliver the closing address of the Sunday school institute, which has been in session since noon yesterday at the First Methodist church.

The Rev. Mr. Thompson is an unusually interesting and entertaining speaker. His subject tonight is "The Great Objective." The lecture will begin at 8 o'clock and will be preceded by a half hour devotional.

A large number of delegates came to the city this morning to attend the institute, which lasted throughout the day, beginning with an address at 9:45 o'clock this morning, by the Rev. Arlo Ayres Brown upon the subject "Building the Bible Class." The other subjects taken up this morning were "Material and Methods for the Teen Age, and Organization for Efficiency." The first was given by the Rev. Mr. Thompson and the second by Rev. Harry C. Wilson.

As a culmination of the work which has been done within the past few weeks by the Nodaway county Sunday School association, the institute has been beneficial to workers all over the county who have been in attendance.

The instructors in charge, Rev. Harry C. Wilson, Rev. Arlo Ayres Brown and the Rev. James V. Thompson, who represent the national Sunday school board of Chicago, are highly qualified and the opportunity of obtaining a training course for Bible school workers has been taken by many who have been in constant attendance.

"The Twentieth Century Sunday School" was the subject of an address given last night by Mr. Wilson, and the lecture was one of the most attractive and instructive of the two days program.

The work is of benefit to all denominations and the delegates attending represent, practically all churches.

PUPILS IN FASHION SHOW

Home Economic Department Students of Normal Hold Commencement Season Event.

A fashion show took place this morning at the State Normal school, when the pupils of the sewing classes of the home economics and training school displayed the work done by them during the past year.

The show was given in the chapel at the assembly hour from 9:40 to 10:20 o'clock this morning. The stage was decked with ferns and as the curtains were parted a student wearing a costume of her own work, promenaded for view of the spectators

Dresses, shirt waists, aprons, boudoir caps and evening gowns were shown. Every garment displayed was fashioned by the students. The children of the training school class then exhibited middies and doll clothes which they had made in class work.

When the model show was completed, the stage curtain was withdrawn, and fancy work of all kinds, creditable and elicited the highest which was done by the girls of the class. The Normal orchestra gave a musical program while the show was in session.

The exhibition was one of the events incident to the commencement exercises and was given under the direction of Miss Hettie Anthony, head of the home economics department of the Normal, and her assistant, Miss Myra Hull. The work displayed was highly creditable and elecited the highest praise from everyone who saw the exhibit.

HAINES MATINEE PLEASES CROWD

Dry Goods Merchant Attracts Many by Novel Advertising Plan.

A free movie matinee as an advertising feature was the plan employed yesterday afternoon by the Haines dry goods store, and the entertainmeat pleased a big crowd of women. The Empire theater, where the matinee was given, was practically filled for the opening show at 2.30 o'clock, and the performance lasted continuously until 5 o'clock.

The matinee was exclusively for for women, and demonstrated the actual fitting of Gossard corsets in moving pictures.

A story was woven around the fitting process, and another film particularly pleasing to the feminine audience was shown, making the matinee attractive as well as educational.

The result of this advertising feature was extremely gratifying to Mr. Haines, who used The Democrat-Forum exclusively in announcing the matinee.

PLAN HIGH SCHOOL CLASS DAY EVENT

SENIORS TO GIVE CLOSING PROGRAM FRIDAY, MAY 21.

GRADUATES TO GIVE AUDITORIUM FRIEZE

The 1915 Class of 27 Will Present Gift During Entertainment—Students Conduct Annual Frolics.

The final class frolics at the high school have already started. The campaign between the seniors and the juniors for supremacy already is on. It is an annual occurrence as the time for the school's close draws near. Even some of the sophomores and freshmen are getting mixed up in the turmoil. Last night a drove of the young students prowled until about 1 oclock this morning, over town, through streets, alleys and vacant lots in search of students in hiding.

It all will end soon, by Friday, May 21, at the latest, perhaps within a week. No real hazing has been reported, but several boys have been put through some little embarrassment and jokings, as a part of the class frolics.

The senior class which graduates May 21 is the largest on record, numbering twenty-seven. The junior class is not so large—in fact, it appears that the senior class of 1916 will be rather diminutive.

The class gift to the school this year will be frieze work for the south side of the high school auditorium. The frieze on the north side, which represents the triumphal entry of Alexander into Babylon, was contributed by the 1913 and 1914 classes. Fred Gray, class president, will present the frieze and Principal E. R. Utter will accept. This will be formally made at the class day exercises at the school auditorium Friday afternoon, May 21.

The program for the class exercises follows:

Piano solo—Kathleen Chittenden.

Class play—"Engaged by Wednesday."

Class prophecy—Matie Evans.

Solo—Amy Clark.

Class song—Members of class.

Presentation of frieze—Fred Gray.

A play also will be given. It is known as "Engaged by Wednesday."

Those who will take part in it and the roles they will play are:

Arthur Watson—Harold Sawyers.

Martin Henry, laziest man in town—Joe Farmer.

Lucile Parsons—Vijune Colden.

Miss Abigail Parsons—Vella Booth.

Marie, Jane, Mabel, friends of Lucille—Mary Lewis, Mary Sewell, Irene Westfall.

Mrs. Watson, friend of Miss Abigail Doris Cummins.

Mary, the maid—Blanche Messick.

Ted, Jack, Dick, friends of Arthur—Harry, Messick, Ruskin Hawkins, Irwin Harris.

assisted by the doughty Dr. Dernberg, are taking care of the pyrotechnics, it may be assumed that President Wilson and the kaiser can consider the merits of the question in the dispassionate calm that remains and reach, we hope, some just and satisfactory conclusion.

Under the new advertising law in Missouri the publisher is supposed to stand sponsor to a certain extent for the truth of the statements contained in the advertisements carried in his paper. But how he is to know all this has been puzzling the newspaper men. One editor reports that a certain advertiser, making a cereal or breakfast food, accompanied his advertising contract with a liberal shipment of the product stating that the manufacturers wanted the editor to know that every statement in their advertising was true. This, it seems to The Democrat-Forum, is a happy and sensible solution of the embarrassing problem. Missourians love to be shown even by Missourians, and what the eye sees is the more easily believed. So, if our grocers, butchers, clothing men, dry goods dealers and others will kindly send samples with their advertised goods, such as hats, shoes, suits of clothes, etc., the situation will be much simplified and life in the newspaper business will take on a rosier hue and, in fact, be really worth while.

DISARM FOR PEACE, VERDICT

Philomatheans Defeat Eurekans in Normal Debate 2 to 1—Declamatory Contest Tonight.

Henry A. Miller and Miss Mattie Dykes, representing the Philomathean Literary society of the Normal, defeated Eugene Cummins and Silas W. Skelton, representing the Eurekan society by a 2 to 1 vote, in a debate in the Normal auditorium last night. The Philomatheans represented the affirmative side of the topic, "Resolved, that international disarmament is a feasible means to world peace," and the Eurekan debaters the negative.

The judges of the debate were George Robb Ellison, the Rev. Lewis M. Hale and W. M. Westbrook. Two of them voted the Philomatheans as winners and one voted for the Eurekans. The judging was on the general efficiency basis and not percentage.

The inter-society oratorical and declamatory contest will be held in the Normal auditorium tonight. The winners in the society essay contest also will be announced at that time.

The essay contestants for the Philomatheans are Miss Ivah Barnes, William Utter and Miss Charlotte Mallory; for the Eurekans, Miss Nita Strickler, Miss Harriet VanBuren and Miss Althea Myers. The subject is "The Wastes of War."

It is planned to make these inter-society contests annual affairs.

NORMALS PLAY JEWELLS TODAY.

Coach Hanson and Ten Players Went to Liberty This Morning.

Coach Walter Hanson and ten players representing the Maryville Normal baseball team, left this morning for Liberty where they will meet the William Jewell team this afternoon. The game is expected to be a fast one. The Jewells have not lost a game so far this season and defeated the Normal team here recently by a score of 6 to 0.

The line-up for today's game was announced as follows by Coach Hanson. Blagg, 1b; Ed Adams, 2b; Leech, 3b; Bird ss, Vandersloot, lf; Noblett, cf; Lonnie Adams, rf; Hamm and L. Adams, p; Brittain, c. Miller, utility.

This is different than heretofore. The team will probably return tomorrow noon.

A glance at the standing of the base ball teams in the Missouri inter-collegiate conference reveals the fact that the William Jewell team is far out in the lead in the race for the championship. It has won six games and lost none.

The present standing of the conference teams is:

	Won.	Lost.	Pr.ct.
Jewell	6	0	1.000
Westminster	4	2	.667
Central	3	2	.600
Maryville Normals	1	1	.500

COURT IN SHORT SESSION

Judge W. C. Ellison Hears Few State Arraignments and Winds Up April Term Docket.

The circuit court was convened this afternoon by Judge W. C. Ellison to hear the arraignment of several persons charged by the state with law violating and to wind up the April term civil docket.

One of the cases to come up was the arraignment of Mr. and Mrs. Perry Smith of Burlington Junction, charged with keeping a gaming device in their home. They were apprehended at Omaha last week, after being absent from the county since the indictments were returned by the grand jury several weeks ago. They have been in the county jail since their arrest.

Mr. and Mrs. Smith both pleaded not guilty to the charge of keeping a gaming device. Their bond was fixed at $500 each. They had not furnished it at 3 o'clock. Mr. Smith also pleaded not guilty to a charge of gaming and his bond fixed at $200. He did not furnish it, but probably will soon.

Roy Yeaman also pleaded not guilty to a charge of having allowed a gaming device to be set up in a place under his possession. He furnished $200 release bond.

Several motions in civil cases were filed, among them being several relative to some back tax paving suits brought by the city of Maryville.

BIG PEACH CROP IN SIGHT.

Elberta District Promises Best Yield in Years, Says Expert.

The Elberta peach district of southern Missouri will produce the biggest crop in years this season, according to Paul Evans, director of the Missouri fruit experiment station at Mountain Grove. He has made a careful investigation of the orchards on the state farm and those in the adjoining counties, and finds that the young peaches are clinging to the trees in greater proportion than in many years.

In all sections the trees are heavily laden with fruit. From the present indications growers will be compelled later in the season to pinch off many peaches to prevent the branches from breaking.

DEMAND TO KIASER

(Continued from page 1.)

tical impossibility of employing submarines in the destruction of commerce, without disregarding those rules of fairness, reason, justice and humanity, which all modern opinion regards as imperative. It is impossible for the officers of a submarine to visit a merchantman at sea and examine its papers and cargo.

Facts Admitted.

"It is practically impossible for them to make a prize of it, and, if they cannot put a prize crew on board of it they cannot sink it without leaving its crew and all on board of it to the mercy of the sea in its small boats. These facts, it is understood, the imperial German government frankly admits. We are informed that in the instances of which we have spoken time enough for even that poor measure of safety was not given, and in at least two of the cases cited not so much as a warning was received.

"Manifestly submarines cannot be used against merchantmen, as the last few weeks have shown, without an inevitable violation of many sacred principles of justice and humanity.

"American citizens act within their indisputable rights in taking their ship and in traveling wherever their legitimate business calls them, upon the high seas and exercise those rights in what should be the well-justified confidence that their lives will not be endangered by acts done in clear violation of universally acknowledged obligations and certainly in the confidence that their own government will sustain them in the exercise of their rights.

The Formal Warning.

"There was recently published in the newspapers of the United States, I regret to inform the imperial German government, a formal warning, purporting to come from the imperial German embassy at Washington, addressed to the people of the United States and stating in effect that any citizen of the United States, who exercised his right of free travel upon the seas, would do so at his peril if his journey should take him within the zone of water within which the imperial German navy was using submarines against the commerce of Great Britain and France notwithstanding the respectful but very earnest protest of his government, the government of the United States.

"I do not refer to this for the purpose of calling the attention of the imperial German government at this time to the surprising irregularity of a communication from the imperial German embassy at Washington addressed to the people of the United States through the newspapers, but only for the purpose of pointing out that no warning that an unlawful and inhumane act would be committed can possibly be accepted as an excuse or palliation for that act or as an abatement of the responsibility or its commission."

The suggestion is conveyed that the German government, of course, could not have intended to destroy innocent lives, and that consequently the German submarine commanders must have misunderstood their instructions. The American government indicates its hope that this will be found to be true, and a cessation of the unlawful practices thereby will result.

Expects Disavowal.

The communication expresses the confident expectation of the United States "that the imperial German government will disavow the acts of which the government of the United States complains, that they will make reparation so far as reparation is possible for injuries which are without measure and that they will take immediate steps to prevent the recurrence of anything so obviously subversive of the principles of warfare for which the imperial German government in the past so wisely and so firmly contended."

Can't Expect Any Less.

In its conclusion the note states that "the imperial German government will not expect the government of the United States to omit any word or act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens and of safeguarding their free exercise and enjoyment."

Something New in Town From "The Land of the Long Leaf Pine"

An "Outside" Treatment That Relieves Croup and Cold Troubles Quicker Than Internal Medicines—Applied Externally, It Is Inhaled as a Vapor and Absorbed Through the Skin.

Druggists Below Are Selling 25c. Jars on 30-Days' Trial—Money Back if Not Delighted.

Every year thousands of people, suffering from forms of lung trouble, make a pilgrimage to the pine barrens of North Carolina, "the land of the long leaf pine." The reason lies in the warm dry air, spicy with the odor of the long leaf pines.

Local druggists, however, have recently received a treatment that is almost as good as a trip South. This is Vick's "Vap-O-Rub" Salve, the invention of a North Carolina druggist. When applied over the throat and chest the body heat releases vapors of Menthol, Camphor, Pine Oil, Thyme, and Eucalyptus, that are inhaled with each breath through the air passages to the lungs, loosening the phlegm, and soothing the inflamed membrane. In severe cases, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out that tightness and soreness.

The progressive druggists, listed below, are anxious that their customers who are troubled with asthma, catarrh, bronchitis, tonsilitis, or any form of cold trouble, should try this new treatment, though their profit on Vick's is smaller than on internal medicines. They are, therefore, offering Vick's in three sizes, 25c, 50c or $1.00, on 30 days' trial, giving with each sale a refund blank, good for your money back if you are not delighted.

Prof. Dean asserts that the south central section of the state has suffered most and the eastern half of Kansas also is suffering from a general infestation.

ACTION OF SINGLE SPOONFUL SURPRISES MANY.

Maryville people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, are surprised at the instant effect of a single spoonful. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-i-ka acts on both upper and lower bowel and one spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. SOME DON'TS

For Stomach and Liver Sufferers.

Don't take medicine for your stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the stomach.

Don't permit a surgical operation. There is always serious danger in operations and in many cases of stomach, liver and intestinal ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered stomach and liver, to the discomfort of those you come in contact with.

If you are a stomach sufferer, don't think you cannot be helped; probably worse cases than yours have been permanently restored by Mayr's Wonderful Remedy.

Most Stomach ailments are mainly caused by a catarrhal condition. Mayr's Wonderful Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of Mayr's Wonderful Remedy should convince you that you can be restored to health again. Mayr's Wonderful Remedy has been taken and is highly recommended by members of congress, justices of the supreme court, educators, lawyers, merchants, bankers, doctors, druggists, nurses, manufacturers, priests, ministers, farmers and people in all walks of life.

Send for free valuable booklet on stomach ailments to Geo. H. Mayr, 154-156 Whiting St., Chicago, Ill.

Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if one bottle fails to give you absolute satisfaction.

RIOTS IN LONDON ARE SUBSIDING

U. S. Consulate Affords Protection For Hunted Germans.

TO INTERN ALL OF WAR AGE.

Premier Asquith Promises to Segregate Teuton Residents Between Seventeen and Fifty-five—Orders For Their Arrest Issued by Police.

WAR SUMMARY

Allies have captured the towns of Carency and parts of Ablain, St. Nazaire and Neuville St. Vaast. German losses are tremendous.

Pursuit of the Russians in the Galician and Carpathian campaign continues, according to Berlin, with the capture of large numbers of men and quantities of war materials.

Petrograd says the fighting in western Galicia is decreasing in intensity and that the Russian offensive farther south, along the Dneister river, is meeting with continued success, with heavy losses to the Teutons.

Of the fighting in the Baltic provinces of Russia, Berlin declares the situation remains the same, but Petrograd avers that German attacks in the region of Shavli have been repulsed and that farther south, along the Dubissa river, a German position was taken.

Another battleship, the Goliath, the third that the British have lost since the attack on the Dardanelles began, has been torpedoed by the Turks, and of the crew of 700 or more only 180, including twenty officers, were saved.

A British submarine, in a daring dash through the straits into the Sea of Mormora, torpedoed two Turkish gunboats and a large transport.

London, May 14.—The statement of Premier Asquith that all aliens of enemy countries of military age, between seventeen and fifty-five, would be interned and that this applies to those naturalized against whom there was any suspicion, and that the others would be repatriated, has satisfied those persons who were agitating for some drastic action. As a result the riots in London and provincial towns have largely subsided.

The commissioner of police issued orders for the arrest of all subjects of enemy countries of military age. It is expected that all these will be arrested or voluntarily surrender within a few days.

It is notable that no complaints have been received of aliens suffering from personal injury. Of the many hundreds who appeared at the American embassy and consulate seeking protection, none showed signs of having been engaged in encounter, but they desired compensation for the damage done their property and assurances that there would be no repetition of the attacks.

Celebrated Birthday.

S. A. Allen of Trenton celebrated his seventy-seventh birthday Tuesday. He has often visited in Maryville with his two sons, W. H. and Harry Allen. The following is from the Trenton Republican-Tribune:

"It isn't every day a fellow gets to celebrate his seventy-seventh birthday," wrote Will H. Allen of Maryville to his father in a letter of greeting today, but that is just what the latter, S. A. Allen, better known as "Grandpa," is doing. More than a score of letters containing greetings from sons, daughters, grandchildren and even great-grandchildren, were received by the elderly Trenton man today on the completion of his seventy-seventh year. No formal celebration of the event was held, but "Granddad's" heart was gladdened by the letters just as much as if the greetings had been expressed in person.

Letter to Mr. Wm. Linneman,
Maryville, Mo.

Dear Sir: When you can buy paint for less than Devoe; don't; save your money.

Mr. Aaron Higgins, Plainfield, N. J., always used 15 gallons of paint for his house; Devoe took 11.

Mr. Ezra Rathmell, Williamsport, Pa., always used 11; Devoe took 6.

Mr. Burt Young, Girard, Pa., always used a gallon for certain rooms; took half as much Devoe.

Mr. Nathaniel Barber, Canton, N. Y., bought 12 Devoe; used less than 6.

You can always buy paint for less than Devoe; don't; save your money.

The wearing counts the same way and doubles the difference.

The cost of painting is by the gallon. Weak paint costs most; most gallons. Yours truly,

F. W. DEVOE & CO.,
